EDUCATION

C.T. Bauer College of Business, University of Houston

Bachelor of Business Administration (BBA) in Management Information Systems & Supply Chain Management

May 2028

GPA: 3.67

Honors & Awards: Houston Livestock Rodeo Scholarship, Dean's List

Certifications: Lean Six Sigma White Belt, AWS Certified AI Practitioner

PROFESSIONAL EXPERIENCE

Amazon | Operations Intern | Shreveport, LA

June 2026 - August 2026

- Architected an Inventory Consolidation dashboard through AWS migration (Lambda, API Gateway, DynamoDB) via AWS CDK
- Engineered a Slack bot via Python (Slack Web API, Selenium) cutting fault-detection latency to ~1 min across 300+ daily alerts
- Streamlined outbound sortation to reduce CPT deviation by 20%, driving 95%+ last-mile delivery compliance across shipments

Gyu-Kaku Japanese Grill | Server | Houston, TX

September 2025 - April 2026

- Coordinated cross-functional floor logistics with a 10+ member team to optimize order workflows, reducing cycle times & errors
- Managed shift-level inventory control for 50+ high-turnover SKUs, forecasting demand patterns to eliminate operation stockouts
- Enforced customer relationship management (CRM) for 300+ daily clients, streamlining service delivery and quality assurance

H-E-B | eStore Curbside Associate | Cypress, TX

October 2024 - August 2025

- Orchestrated a 15+ operator team to execute e-fulfillment for 200+ high-velocity orders, meeting a strict 7-minute cycle time SLA
- Expedited vendor relations with 10+ upstream suppliers to optimize inbound logistics, reducing lead times and supply disruptions
- Executed control for 200+ daily items via digital SKU tracking, optimizing cold chain logistics to sustain a 90% product shelf life

LEADERSHIP & PROFESSIONAL DEVELOPMENT

Asian Business Student Association | Vice President of Corporate Relations | Houston, TX

August 2025 - Present

- Design data-informed development for 400+ students, coordinating 13 corporate events and partnerships with 20+ companies
- Establish an Excel internship database with over 1,000 entries, using DAX to organize career resources and empower members
- Synthesize IBP insights and statistics to design a sponsorship package for corporate partners, securing \$8.2k in external funding

Management Information Systems Student Organization | Active Member | Houston, TX

January 2026 - Present

- Collaborate with 3+ tech companies to facilitate workshops on AI applications and systems-oriented professional development
- Build 4+ dashboards profiling MIS/tech industry leaders using SQL-queried data, driving a 20% increase in member engagement
- Facilitate 4-person teams to deliver hands-on technical workshops on business process automation and system operations analysis

Faith Church | Media Director | Cypress, TX

September 2023 - July 2026

- Leveraged data-driven insights to improve and capacity planning for a 10+ member team, growing digital visibility by 30%
- Led youth development and newcomer engagement initiatives, using engagement analytics to scale network participation
- Optimized a Digital Asset Management (DAM) system for 1,000+ social media assets, streamlining organizational operations

ACADEMIC PROJECTS

Forge Deloitte Data Analytics Simulation | Analyst | Remote

April 2026

- Implemented Tableau BI solutions to optimize critical path sequencing, driving a 20% reduction in manufacturing bottlenecks
- Analyzed 5+ datasets to model resource constraints, executing predictive analytics that improved system throughput by 15%
- Advised stakeholders on business requirements, delivering a comprehensive data-governance proposal meeting 100% criteria

Meta Case Competition | Team Lead | Houston, TX

October 2025

- Directed a 4-person team to a finalist position by analyzing 10+ performance datasets, identifying key workflow inefficiencies
- Revamped Meta A.I.'s review model to a tiered triage system design with audit trails, automating processes by a projected 35%
- Delivered a comprehensive presentation to Meta executives, integrating six sigma process flow mapping and resource allocation
